

## 2017 AWT RoboBot Company Sponsor Commitment Sheet

As a company sponsor in the AWT RoboBot program, we understand that we will be expected to :

- Provide and pay for all materials and resources necessary to build a 15# combat robot per NRL rules & regulations and compete in the 2017 AWT RoboBots Competition.
- Assist in the design, construction and evaluation of the RoboBots.
- Teach the students how to use the equipment needed to design and build the robot.
- Allow students access to experts in the field.
- Offer students on the job, real world experience in manufacturing.
- Offer time for students to work at the facility (no less than 24 total hours) on their robot.
- Support the team in finding additional expertise in the design and construction of the robot as needed.
- Maintain constant communication with the team's coach regarding progress on the bot and the team's ability to meet the identified deadlines.

I have read the above expectations and am authorized to sign on behalf of my company

\_\_\_\_\_. My signature reflects our company's commitment to participate in the 2017 AWT Robots competition in collaboration with a teacher partner to facilitate the design, construction, and completion of our team's robot to the best of our ability. We acknowledge that our company is the sole financial supporter of the team's robot and that we will not require nor request, funds from any student or school representative.

The point person from our company will be: \_\_\_\_\_.
