MANUFACTURING EDUCATION & AWARENESS

WHO WE ARE & THE DIFFERENCE WE MAKE

OUR HISTORY & MISSION

The Alliance for Working Together was started in 2002 as a small, informal group of manufacturers who met to discuss topics of interest and as a way to reach out to other manufacturers in the region. Finding skilled workers was quickly identified as one of the top challenges for our manufacturers. **Promoting rewarding careers in manufacturing became the core mission of the organization.** In 2012, the AWT Foundation became a 501(c)3 non-profit. AWT is the Industry Sector Partner for Lake, Geauga, and Ashtabula counties, serving as the training provider for manufacturing and the intermediary connecting our community and educational partners to careers in manufacturing

OUR SUCCESS

With the help of our strategic partners, the AWT provides STEM-to-Career educational programs, including short-term credential training, pre-apprenticeship pathways, and apprenticeship programs for the manufacturing community. **AWT Foundation has exposed more than 32,000+ students to manufacturing careers in our local communities through camps, events, facility tours, and school visits.** We have been instrumental in access to transportation for manufacturing employees

OUR MEMBERS

The AWT Foundation now has 500+ manufacturing company, community organization, and school members all engaged in promoting rewarding manufacturing careers for the long-term success of the manufacturing industry

OUR FUTURE

Your decision today affects our future workforce. Become an AWT member today by visiting www.thinkmfg.com and clicking on the "Get Involved" button in the right hand corner and then clicking "Become a Member"

**"YOUR DECISION
TODAY AFFECTS OUR
FUTURE WORKFORCE -

AWT CALENDAR OF EVENTS

2025

January

Membership Drive	1/1
Apprenticeship Starts	1/6
WorkAdvance	1/6 - 1/17
Manufacturers Roundtable	1/8
STEM Day	1/20

February

Manufacturers Roundtable	2/12
Annual Meeting	2/14
WorkAdvance	2/17-2/28
STEM Day	2/17
Safety & Ergonomics 101	2/18

March

SMI Registration Opens	3/3
SolidWorks Session #1	3/4
Manufacturers Roundtable	3/12
WorkAdvance	3/17-3/28
SolidWorks Session #2	3/18

April

SolidWorks Session #3	4/1
WorkAdvance	4/7 - 4/18
Manufacturers Roundtable	4/9
STEM Day	4/18
RoboBots Interview/Safety Check	4/25
RoboBots Competition Day	4/26
National Apprenticeship Day	4/30

May

WorkAdvance	5/5-5/16
Supervisory Bootcamp with ERC.	5/7
Guardians STEM day	5/14
Employer Upscaling Training Session*	

June

Apprenticeship Cohort 3 Graduation	6/2
Lake & Geauga SMI Camp	6/9-6/13
Lake & Geauga SMI Camp	6/16-6/20
WorkAdvance	6/23 - 6/27
YMCA Collaboration Day Camp	6/24
Salvation Army Collaboration Camp	6/25
YMCA Collaboration Day Camp	6/26

July

WorkAdvance	7/7-7/18
WorkAdvance	7/21 - 7.25
AWT Summer Mixer	7/17
YMCA Collaboration Day Camp	7/17
Employer Upscaling Training Session*	

August

WorkAdvance	8/18-8/22
Golf Outing	8/25
Employer Upscaling Training Session*	
Apprenticeship Begins*	

September

ERC Supervisory Bootcamp	9/10
WorkAdvance	9/15-9/26
Employer Upscaling Training Session*	

October

Think Manufacturing Expo	10/8
STEM Day	10/10
WorkAdvance	10/13 - 20/24
RoboBots Kick-off	10/27
JuniorBots Kick-off	10/28
Employer Upscaling Training Session*	

November

WorkAdvance	11/10-11/21
STEM Day	11/26
Employer Upscaling Training Session*	

December

AWT Holiday Mixer	12/11
Employer Upscaling Training Session*

AWT PROGRAMS

OUR AWT COMMUNITY

Lake, Geauga, Ashtabula & Eastern Cuyahoga Counties

MEMBER EVENTS

Our Members

At AWT, we focus on events that advance our mission. We want our events to be valuable for our company members and we strive to make every member event, an event that you gain knowledge, information, and resources that will make your job easier.

STEAM-TO-CAREER COLLABORATIONS

K-8 Teachers & Parents

Students always ask, "Why am I learning this? When am I going to use this?" AWT STEAM-to-Career collaborations allow teachers to see and experience how the state educational standards connect directly to local industry. During our showcase, we teach a science, technology, engineering, art, or mathematics (STEAM) lesson, point out the STEAM connections during our tour of the manufacturing facility, and provide teachers with the supplies and curriculum to teach that lesson in their classroom.

STEM-TO- CAREER CAMPS

SUMMER MANUFACTURING INSTITUTE (SMI) CAMPS

5th, 6th, 7th and 8th Grade Students

A STEM-to-career summer camp, where 5th and 6th graders will complete STEM projects, tour local manufacturing facilities, and learn workplace readiness. The goal of the camp is to expose 5th and 6th graders to STEM concepts and in-demand manufacturing careers.

STEM DAY CAMPS

Elementary & Middle School Students

AWT STEM Days are day camps that connect Science, Technology, Engineering, and Mathematics (STEM) concepts to local careers throughout Lake County. Campers will complete hands-on STEM projects to engage creativity and problem-solving.

AWT PROGRAMS

TRAINING

APPRENTICESHIPS

The AWT Foundation makes upskilling your workforce as easy as possible through the Department of Labor and Ohio Department of Job & Family Services AWT registered apprenticeship programs in the following occupations: Precision Machinist, Tool Programmer/Numerical Control, Tool & Die Maker, Mold Maker and Inspection/Quality Control. Learn more about AWT's Apprenticeship Program by going to www.thinkmfg.com/apprenticeships

AWT WORKADVANCE

The AWT WorkAdvance program aims to introduce job seekers to entry-level positions in manufacturing through a short training program at our facility. Each day, a new topic relating to the manufacturing sector is covered. The program includes days focused on blueprint reading, inspection and measurement, shop math, and intro to manual and CNC machines. We cover resume and interview prep, financial literacy, and workplace etiquette. At the conclusion of the program, participants are matched with manufacturers for interviews.

LEARN MORE AT AWTWORKADVANCE.COM

EMPLOYER TRAINING SESSIONS

The AWT Foundation aims to provide training sessions tailored to manufacturer's needs. Each month, we schedule a training session covering a different manufacturing skill set identified by AWT members. Learn more about AWT's employer training sessions and see what is currently being offered by going to www.thinkmfg.com/events.

AWT PROGRAMS

ROBOTICS

JUNIORBOTS

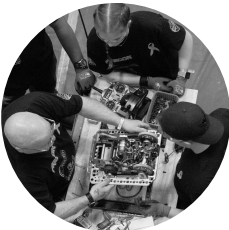

Middle School Students

We partner middle schools with a local company to build a 3lb combat robot. Students learn technical skills and the company is able to vet and mentor top local talent. We host the largest regional combat robotics competition every year on the last Saturday in April at Lakeland Community College.

ROBOBOTS

High School Students

Much like our JuniorBots program, we partner high school teams with a local company, but this time, we allow the high school students to design the entire 15 lb robot from scratch. Students learn technical skills and the company is able to vet and mentor top local talent. We host the largest regional combat robotics competition every year on the last Saturday in April at Lakeland Community College.

AWT PROGRAMS

TOURS

MANUFACTURING TOURS

Student, Teachers, Parents, & Company Leaders

AWT is happy to coordinate student, company leader, parent, teacher, and administrator tours to our local manufacturing companies and the AWT Transformation Training Center.

REACH OUT TODAY TO SCHEDULE A TOUR!

CAREER EXPO

THINK MANUFACTURING CAREER EXPO

High School Students

Every year, AWT partners with the Lake County Chambers of Commerce and the area schools to introduce more than 800 students to careers in manufacturing. This event allows industry and educational leaders in the county to partner to encourage careers in manufacturing. Students interact with employers and many come away with internships, part-time, and full-time jobs.

CAREER CONNECTIONS

AWT AMBASSADORS PROGRAM

High School Students

AWT has a network of professionals who are more than happy to come to speak to your class about their career in manufacturing.

AWT TRANSFORMATION TRAINING CENTER

The AWT Transformation Training Center provides training and pathways for Northeast Ohio's collective skilled manufacturing labor force and serves as a hub for workforce development, industry, and manufacturing training for Northeast Ohio. The AWT Foundation has partnered with area manufacturing companies, and county, state, and federal legislators to provide training for skilled manufacturing jobs.

Since opening in October of 2022, this facility serves the region as a center for education and industry sector collaboration. The AWT Training Center addresses the gap in K-12 and adult new and incumbent worker training. This center provides the technically trained workforce area manufacturers need.

AWT Members have the opportunity to utilize the training center for their business/event needs. Contact us today to get involved!

WHAT ARE THE AWT MEMBERSHIP BENEFITS?

CONNECTION & VISIBILITY

Once you become an AWT Member, you and your business will be introduced to our AWT Board of Directors & AWT Membership Committee via e-mail

You will also be listed in this AWT Membership Packet and on the AWT website (www.thinkmfg.com) once you complete your AWT Member Hub account

ADVOCACY

The AWT group is dedicated to promoting rewarding manufacturing careers through education of the general public and workforce and career education policy development

TRAINING & EDUCATIONAL OPPORTUNITIES

AWT puts on several educational events for manufacturers each year. The AWT Apprenticeship training program is designed for incumbent workers. This type of training takes your employees and business to the next level of manufacturing. Do you need a class to upskill an employee or a few dozen? Contact us about targeted short term classes. AWT recently launched the WorkAdvance Program to attract new workers to manufacturing and connect them with member companies

MONTHLY E-NEWSLETTER

The AWT Staff prepares a monthly newsletter and each member is able to receive a spotlight or highlight. If you are interested, just email contact@thinkmfg.com to take advantage of your Member feature. This newsletter also includes helpful resources and keeps you informed about AWT events, programs, and sponsorship opportunities

TRANSFORMATION TRAINING CENTER

Opened in October 2022, the AWT Transformation Training Center has meeting space available for your small to mid-sized groups. To learn more, email contact@thinkmfg.com

THE FUTURE

AWT's work of educating and training youth and the manufacturing workforce today will increase the sustainability of the manufacturing industry. In other words, we are creating the next generation of manufacturing innovators, and business leaders for a brighter manufacturing future
